LIBERAL FOR ISACCS

*Local, Hardworking & Passionate*

Monday, 26 July 2010

Dear Recreational Fishers,

For those of you who don't know yet I have been selected as the Liberal candidate for the Federal seat of Isaacs.

I have decided to put myself forward because I believe the best representation we can have in parliament is one of our own members, and as we have seen throughout the Mako battle and the VNPA release the Liberals have been right behind us, especially in the Senate.

The deal with the Greens has the potential to be the biggest single threat nationally to our sport and leisure activity and our lifestyle.

While this election is going to be a steep learning curve for me, I would not have done this without fully believing that the Liberal Party is best placed to stand up for recreational fishing and the continuation of our outdoor lifestyle.

As you all know I will personally not stand for any encroachment to recreational fishing without accurate and unbiased scientific evidence and I will fight as hard as I can to protect it.

For me to be successful in Isaacs, I need your help.

In Australia today, a quarter of people fish and I need the support of all of the people in Isaacs, a potential 25,000 votes to get my campaign over the line. To do this in the time remaining until Election Day I need the following:

1. People to help me at shopping centres and markets, whenever someone has free time to assist in handing out brochures with me;
2. I will need a boat at every election booth in Isaacs on polling day. Remember this is our one in all in chance to have a say;
3. Unlike my Labor opponent, I don't have the benefits of incumbency. So any financial support you can provide in the form of donations will help me to better communicate with residents in Isaacs.

This election is a chance for you to take real action and support someone who supports you. With your support I know I can be an effective voice in parliament helping to make things better for recreational fishing in Isaacs and around Victoria.
